

Introducing the new

# Xencelabs Quick Keys

The Xencelabs Quick Keys enables artists to incorporate shortcut keys into their regular workflow through an easy-to-use interface. The remote's OLED display and physical dial allow you to create up to 40 shortcuts per application and group sets of related functions like sketching, coloring, and editing. Artists who previously found shortcut keys cumbersome to use can now benefit from a powerful efficiency booster.

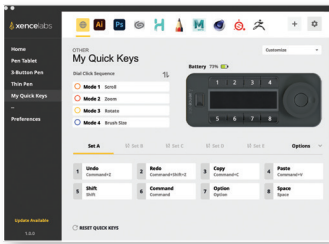

## QUICK KEYS

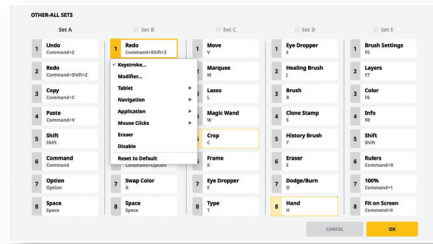

- ① 8 keys - 5 sets per key, allowing 40 short-cuts per application
- ② OLED display supports 11 languages
- ③ Preloaded application functions
- ④ Kensington NANO Lock Slot®
- ⑤ Application specific precision dial input
- ⑥ Set Button - quickly switch between short-cut groups within an application
- ⑦ Customizable LED Color ring

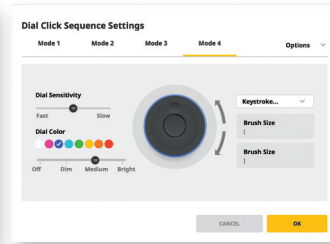

## DRIVER FUNCTIONS

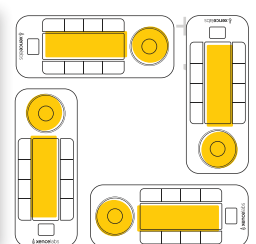

Program 8 keys

Up to 40 programmable functions

Customizable LED color ring

4 orientation options
